WILL AND A WAY.

Experience of An Elopement Couple at Smithland.

Monday night last a young married couple came in from Metropolis, where they were married on the Phelps. They were Mr. John Mayhugh and Miss Elizabeth Comer, who had eloped from near Dyersburg, Tenn., before they eloped and married.

Th. Smithland "Gold-Dust" thus recounts the experience they had there in attempting to procure marriage license:

Sunday morning County Clerk C. O. Lowery was called upon to issue a marriage license to Mr. John Mayhugh and Miss Elizabeth Comer, who had eloped from near Dyersburg, Tenn., before they eloped and married.

Some time during Saturday night, and had drifted down the placid waters of the beautiful Cumberland—gliding over its silvery waters during the stillness of the night—to only

meet with disappointment when they reached this place.

As Miss Comer was only 18 years of age the clerk could not issue the necessary papers to make them one twin. But "where there's a will there's a way," and as the sun started on her day's journey they determined to get married, despite the disapproval they had met with at this place. The prospective bridegroom procured a skiff and all alone, they started for Metropolis, Ill., where they were united for life. In coming years they can tell the story of their romantic Sunday marriage and by relating that little episode, will prove to the "young ones" that "the course of true love never runs smooth."

ANNOUNCEMENT.

Commonwealth's Attorney.
Sam Houston is a candidate for the office of Commonwealth's Attorney for the second judicial district composed of Mettchen and Marshall counties at the November election.

The Democratic nominees for city offices are begging for votes harder than a tramp for a "handover."

From the way in which the Democratic fiscal court is reducing salaries, one would suppose that they don't expect to hold the county offices the next four years.

When the city gets rid of the Yeiser regime, it will be a happy day, and the people will see to it that he does not leave his shadow to perpetuate his bad judgment or spitefulness.

With one breath the Democratic politicians abuse the negroes and with the next they are begging them for their votes. It simply shows how consistent a Democrat is when after office.

Joe Parker hit the "News" a pretty hard blow Thursday night when he said that, barring the "News," the Louisville "Dispatch" was the most versatile, all-round liar in Kentucky.

The reason why the "Register" don't publish the Democratic ticket is because it contains the names of several of the "traitors" who refused to vote for its manager. This statement is made without fear of successful contradiction.

The "Register" has suddenly become very much interested in the candidacy of Mr. Lang, but probably Mr. Lang has assured its manager that, while he voted for part of the present Republican council, and has voted against the last three Democratic candidates for mayor, he will vote, however, for the A. P. A. manager of the "Register," when he was cutting his political eye teeth two years ago.

The "Register" is on a cold trail in its efforts to injure Capt. Farley by bringing up his position on the annexation question. Capt. Farley had plenty of good company and numbers of Paducah's best citizens in both parties, in and out of the then city limits opposed the measure. The suit that the "Register" harps on was in reality a test case brought in Farley's name, though all appointments of annexation were interested in it. Bring out some thing new.

The extravagance of the free silverites of Paducah in squandering one hundred and fifty dollars to get Bryan here for one speech is somewhat difficult of comprehension. If they will but look over Bryan's itinerary of last year they will see that, in every town where Bryan spoke, the Democrats scored heavy losses, the Republicans in the same cities suffering unlooked for gains. Would it not be better for the "lost cause" for the Nebraska boy to travel on a slow train and let that money be used in other ways?

If those eleven or more men who assaulted Mrs. Gleason Wednesday night at Newport are not hanged both by the jury and the Sheriff, the freeholders of that county will have missed a great opportunity to deal out justice, and a blot will rest on Kentucky's reputation. The people of this state are to be congratulated that the brutal ruffians were not lynched; not that the assailants do not deserve death, but that the people may have the opportunity to make a terrible example of them. Death, even, is an inadequate punishment.

It should not be forgotten that next Tuesday is another registration day. It seems that the law provides for the first and second Tuesdays in October. Next Tuesday is positively the last day in which to register. The Republicans must do their work now or never. It is no use disguising the fact that our registration fell to low last Tuesday. It can be brought up next Tuesday and it should be. Every Republican should constitute himself a committee of one to see that no Republican neglects to register.

A novel way of reducing wages in prosperous (?) free silver Mexico has been hit upon which is a refinement of irony and a most sarcastic thrust at free silver theories. The railroad companies and other corporations have decided hereafter to pay off their employes in silver, paying two dollars where they now pay one in gold. At the present price of silver this means a loss to men of about twenty cents on the dollar, a Mexican dollar being worth only 40 cents in gold or American money. Wages are doubled and reduced 20 per cent. at the same time.

It is seldom that your 16 to 1 calamity howler gets out of material for a kick. Admitting that wheat is actually selling at 95 cents, the calamity howler says that the farmer ought to get \$1.90 or \$2.00 a bushel for the cereal, and the position is solemnly assumed by the silver Democrats that, under free coinage of the white metal at the divinely appointed ratio of 16 to 1, the price of wheat today would be \$2. But two dollars a bushel in 40-cent dollars would be only 80 cents in gold. That is the way it is actually operating in Mexico and hence the conclusion above is no random guess work.

The democrats of Greater New York are in a delightful state of uncertainty. They cannot make up their minds whether Mr. George or Mr. Van Wyck is the nominee of the "regular" democratic party. Mr. George is the nominee of an independent branch of democracy, but which has endorsed the Chicago platform. Mr. Van Wyck is Tammany's nominee on a platform that ignores Bryan and the Chicago utterance. George has the platform and Van Wyck the organization. The question is an obscure one, but, in view of Tammany's peculiar ways, the odds seem to be in favor of Van Wyck.

A REMARKABLE change has taken place in the political situation in Greater New York within the last few days. The endorsement of the Chicago platform by the convention of independent democrats that nominated Henry George for mayor has given him much more strength than was thought would go to him. Tammany's elimination of everything that could offend a free silver or a gold standard democrat, has caused great dissatisfaction and clearly demonstrated that Tammany's city platform is the vast municipal patronage that will go to the winning party. As the probabilities now are George will pull such a large part of the regular democratic vote that the fight is really between him and General Tracy, the republican candidate, with the preponderance of probabilities very largely in Tracy's favor.

Mayfield's Registration.
There were 658 voters registered in Mayfield Tuesday, as follows: Democrats 454; Republicans 212; remainder, nonpartisan and Prohibitionists, 62. There will be a supplemental day for those necessarily absent.

A Narrow Escape.
Chicago Times-Herald.

The Nebraska gold Democrats met in state convention the other day and Hon. Warren Switzer of Omaha presided over the deliberations of that body in the capacity of chairman. In his opening address Mr. Switzer made a few remarks concerning another citizen of Nebraska which were sufficiently startling to attract attention and which seemed to require elucidation. "William J. Bryan," dramatically remarked Mr. Switzer, "is a meteoric mermaid; the only disturbing factor in the nation, and little short of an outlaw."

It is very evident indeed that this nation has had a narrow escape from deserved ignominy. Imagine the White House presided over by a feminine fishy monster, and one of the meteoric sort, too! The Smithsonian Institution would have gobbled up the official head of the government before the 16 to 1 folks could say "Jack Robinson." Mr. Switzer has not spoken a moment too soon. It is high time that Bryan should be unmasked and be shown up in his true colors, no matter how astonishing the tale may be.

THE HOME FORUM.

Over forty applications have already been written for membership in this beautiful, fraternal insurance society and it is confidently predicted that many hundreds of our citizens will enroll their names under its protecting banner. The local organization will be known as the "Three Rivers" Forum, and the following have been appointed by Mr. Thomas S. Short, the general solicitor, to serve as officers until the end of the ensuing year, at which time all local forums throughout the country will hold their annual elections:

President, J. M. Lang.

Vice president, C. A. Norvell, principal High School.

Secretary, F. L. Scott, of Scott Hardware Co.

Treasurer, W. E. Grigsby, of Grigsby Bros.

Medical examiner, Dr. Robt. A. Hicks.

The Charter will be issued at once to the above officers, and all parties giving their applications can have their certificates of Insurance delivered within one week after application leaves the local medical examiners hands. The Insurance rates of the Forum being at the minimum, extra caution is demanded in the selection of its subjects, and therefore the examination is rigid and no doubtful risks will be accepted. The Home Forum is founded and managed on strict business principles, and hence it is receiving the endorsement and hearty support of representative men and women every where. We will have a very large membership here, and we invite all good people to unite with us.

THOS. S. SHORT, General Solicitor, Campbell Building.

GRIGSBY BROS. ALLEN GRIGSBY, Local Solicitors.

The Republican party points to its record in the management of the municipal affairs of Paducah. It is the record made that appeals to the taxpayers. The record made by the present council for economy in city expenditures, for making necessary improvements, for a management of the fire department so that insurance rates have been reduced, and for managing every department under its control, has not been equalled or even approached by any Democratic administration for a score of years. And the Republican council has made this record in the face of the bitter and narrow opposition of a mugwump mayor, who has left no stone unturned to embarrass the council in its movements. These are facts, and it is why the people are going to give the Republican ticket their support at the coming election.

The Flood Tide...

Of fall trade has set in. It will increase in volume day by day. Already it ripples and eddies around the different sections of the store—drugs, goods, millinery, cloaks, warm underwear, blankets, etc., all begin to show signs of great activity. We are pleased to see the patrons; no store can have a better advertisement than this. We are here for that purpose.

Mark the well-beaten path that leads direct to our doors. Note the way as they come and go. Ask the reason for making this store the base of their dry goods supplies, and they will tell you that they have full confidence in our merchandising methods. That's the secret of our success.

The New Gown Stuffs.

Shelves laden with handsome new fall weaves. Come in and see if we have not outbeaten all former ones. Note the styles, compare the qualities and prices, and be convinced that we have been doing some masterful buying.

Autumn Hosiery Sale.

Everyone wears stockings; everybody wants to wear honest stockings. This hosiery section of ours is the pride of the store. Its success has been achieved by buying the best and selling at the closest margin of profit possible. Come in and see for yourself.

The Busy Millinery Section.

There's a reason for it—yes, several reasons. First, we've the handsomest stock in Paducah; second, you can depend upon our hats being right in style and worthiness of material; and third, the prices are so modest that one's sense of economy is appealed to.

The Garment Boom.

In so short a space we could not give a creditable description of the items and prices of these tempting lots of capes and jackets, but would like to emphasize the fact that all are tailor-made; that the fit is perfect; that they are done in the best manner; and that they are sold at prices so low, that we want to sort the season right by giving you values that you can talk about. We are ready to show you.

For Shoe Buyers.

Don't think you ever wore honest shoes than these. We know they are honest, too much so for a big profit. Showing that we bought them when leather was lower, on a close cash basis, and the saving goes to you, where it ought to belong.

We ask our friends everywhere to call on us, and promise to save them money on reliable goods.
